## Sell Relaxation Tunes on your website

Offering Relaxation Tunes® will give your website added value:

- This attractive and interactive product will help you attract new customers and increase your current customers' loyalty.
- **Selling the music online requires no investment:** Using this product on your site requires no purchase, shipping, handling or returns on your part.
- Your customers will never be diverted from your website because you will sell the products directly on your own website.
- As an approved distributor of Relaxation Tunes® music, you can play the music on your own site for free.

Tens of thousands of Relaxation Tunes albums have been sold world-wide for over 10 years. The Biosphere label that produces Relaxation Tunes music is a recognized name in quality music throughout the world by professionals and private consumers alike.

- The wellness industry is booming. Music has an immense impact on our sense of well-being, which is why it is so important to create the right auditory ambiance.
- The Relaxation Tunes albums are often an impulse purchase. As in our network of physical stores, customers may visit your site with the idea of buying another product, but they will add music to their shopping cart as they are reminded of its importance on checkout.
- It is easy for your customers to listen to samples of music online
- Avoiding the packing and shipping fees. The packaging of a CD, makes buying music online an extremely ecological product.

## How to sell the Relaxation Tunes® music on line on your site

- Choose the Relaxation Tunes® albums you would like to sell on your site. We will provide you with the covers (JPEG), the audio extracts (MP3) and the texts describing the albums for display.
- Your customer orders an album exactly as he does for any other product; the download can be grouped with other products in his shopping cart.
- **Your customer will checkout and pay on your site.**
- You insert in your online shop an automatic link towards [www.musigift.com](http://www.musigift.com) download platform as well as an access code that we have provided to you in advance.
- In one click, your customer is automatically re-directed towards the [www.musigift.com](http://www.musigift.com) platform. He writes his e-mail and the access code to access the download.
- The customer instantly downloads the audio file as well as the visual of the cover. The customer can then keep them on his computer, on his MP3 reader or iphone and ipod

### Your profit:

You sell the albums at the price of your choice.

The typical price for a downloaded album is US \$9.99, but you can sell it for \$15.00, too.

- You pay Relaxation Tunes \$6.66 per album you sold to your client.
- You open a distributor account with Relaxation Tunes for \$50 ( administration fee)
- We provide you with a list of access codes (one code = one download)
- At the end of each month, Relaxation Tunes® invoices you only the number of codes that have been used. **You only pay for the albums you have sold.**
